The reservations office did ask for a 3 (or 4) digit code for the group. If it's in the system, what would be the group name (e.g. EPA, EPA-NASA, RAAP)?

Hi Brian,

I had a chance to call again this morning. I again couldn't get in touch with Lea about the special rate, but according to their reservations office, it seems like there's booked between September 18th to October 1st. I left a message for

Lea, so I'll wait to hear back, but if there isn't a set of rooms available our group may have to look elsewhere.

Cheers,  
Ron

Yes, i'm sure you'll have to talk to Lea for that special rate.

Hi Brian,

I had a chance to give the front desk a call earlier today. They couldn't find the group rate in the system, although Lea was not available at the time. They suggested calling back tomorrow when she's in. I'll see if there are still rooms available for the entire two weeks.

Cheers,  
Ron

Ved, Ron,

I did some talking with the Holiday Inn in Christiansburg (a 10 minute drive from RFAAP). I got a \$89 weekday rate, \$189 first weekend rate, \$149 second weekend rate, all including breakfast. If you are interested, contact:

Mention that you are from NASA with the EPA group working at Radford AAP. Do this soon, lest they run out of room on the football weekend (Virginia Tech is nearby....).
